Product Warning:

Attacoa Performance Wallets (APW) are not designed or intended for children under the age of 12. They have small components such as, tweezers, toothpicks and ink pens that could be considered a choking hazard for young children.

As with any wallet, sitting on your Attacoa Wallet, could cause back discomfort. Our wallets are designed to be carried in your front pant pocket or vest pocket only.

Product Disclaimer:

Although APW are designed and intended to float, we have no control over what you place or intend to carry inside them. Please check to insure that your wallet still floats properly before using it in water or wet conditions.

Limited Warranty:

APW are guaranteed for a period of 6 months from the date of original purchase against defects in materials and workmanship by APW. APW's only obligation shall be to replace product proved to be defective, and shall not be liable for any loss, damage or injury, direct, incidental or consequential, arising from use of the product. If the product develops such defect within this period, it will be repaired or replaced at the option of APW provided it is returned with proof of purchase receipt, and a check or money order in the amount of \$8.00 to cover cost of postage and handling. No additional charge will be made unless the warranty has expired or servicing is necessary for reasons beyond manufacturer's control, such as misuse, neglect, or abuse. In that case, a fair and moderate additional charge may be made.

The above remedy is exclusive. This warranty is void if the product has been tampered with or mistreated, or if the defect is related to servicing not performed by APW.

Attcoa Performace Wallets are made and assembled in America from a space age polymer material that is very light, durable, strong and resistant to RFID type scanning devices to help protect your credit card information from the theft of hand held type RFID scanners.

They are designed to float and are sealed with an O-ring to help protect your pictures, credit cards or other important personal items from being destroyed by water, sand, grit, dirt or dust. It also comes equipped with a built in compass, ink pen, tweezers, tooth pick, glass breaker, lanyard hole, two removable Kydex money/credit cards clips and each wallet has two built in hidden interior compartments for storing medication, spare keys, fishing flies, extra cash, change or other important items.

All of these features and more make our Wallets the most functional, durable and safest on the market today.

We hope you enjoy your new wallet and it gives you many years of service.

Sincerely,

Jim Toner

President
